Date of issue: January 2016

<b>9. Physical and chemical properties</b>	<b>10. Stability and Reactivity</b>	<b>11. Toxicology information</b>
--	-------------------------------------	-----------------------------------

**Appearance**.....Milky coloured liquid  
**Odour**..... Citrus  
**PH**..... 7.5-9.5  
**Solubility in water**.... Soluble

Boiling point, Melting point, Flash point, Ignition temperature, Vapour pressure, Density and Solubility are not relevant to safety

This product is stable under normal conditions of use.

**Conditions to avoid**..... None  
**Materials to avoid**..... Rubber  
**Hazardous Decomposition products**..... None

Inhalation of aerosols or dust resulting from inappropriate handling may induce sensitization and may cause allergic reactions in sensitized individuals. Prolonged skin contact may cause minor irritation this preparation is non-toxic

<b>12. Ecological information</b>	<b>13. Disposal Considerations</b>	<b>14. Transport information</b>
-----------------------------------	------------------------------------	----------------------------------

**Ecotoxicity**

**Fish**.....

Low toxicity; LC/EC/IC50>100mg/l

**Aquatic Invertebrate**.....

Low toxicity; LC/EC/IC50>1000mg/l

**Algae**.....

Expected to have low toxicity; LC/EC/IC50>1000mg/l

**Micro-organisms**....Low toxicity; LC/EC/C50>

1000mg/l

Which classifies the preparation as non-dangerous to the environment

The preparation is Bio-degradable

No special disposal method required, except that in accordance with current local authority regulations

There are no specific transportation pre-cautions required. This product is not classified as a dangerous substance under the classification, packaging and labeling of dangerous substances regulations

<b>15. Regulatory information</b>	<b>16. Other information</b>
-----------------------------------	------------------------------

**Dangerous Substances Directive 67/548 /EEC and Dangerous Preparations Directive 1999/45/EC:**

These regulations do not apply to this product and therefore the product does not need to be labeled in accordance with EC laws

**Information on label...** **S51** Use only in well ventilated areas  
**S26** In case of contact with eyes rinse immediately with plenty of water and seek medical advise  
**R43** May cause sensitization by skin contact

**Recommended restrictions on use:**..... Not Known
