- *Blu-tak
- *Silastic

Easily Removes;

- Gum
- Wax
- Sticky Glue
- Ink Stains
- Grease / Oil
- Food / Coffee Stains
- Blood Stains
- Red Wine

Non Toxic & Biodegradable

THAT'S AWESOME GUM 'N' GOO

chewing gum remover is completely safe for use on most surfaces. Removes all types of fresh & old in-ground chewing gum. Formulated with all natural ingredients, Gum 'n' Goo will hold gum in suspension and dissolve deposits without causing damage to the surface (*safe to use, no chemical or detergent residue*).

No need to rinse - saving precious water!

DIRECTIONS:

CARPETS: Chewing Gum, Wax, Blu-tak, etc.

- Step 1.** Score or pierce gum deposit or glue, etc. with gum tool or similar (*do not scrape hard or damage carpet fibre*).
- Step 2.** Squeeze **That's Awesome Gum 'n' Goo** gel onto deposit (*for older or harder deposits leave for approx. 2-3 minutes*).
- Step 3.** Work gel into deposit with gum scraper tool or similar tool in a forward/backward motion and watch for gum to dissolve.
- Step 4.** Remove dissolved gum with scraper tool from surface. Wipe out residue with a damp microfibre cloth or **That's Awesome Stain Remover**.

STICKERS & STICKY TAPE: To clean off glass, paint work, polished surfaces, stainless steel.

- Step 1.** Peel off any sticker/tape if possible then apply gum gel liberally onto remaining glue (leave for 2-3 minutes to soften glue).
- Step 2.** Using scraper tool, work gel from outer edge in a circular motion, one small section at a time.
- Step 3.** As glue dissolves, remove with scraper tool.
- Step 4.** Wipe off residue with damp microfibre cloth or **That's Awesome Stain Remover** and microfibre cloth (*repeat process if necessary*).

Tip: Gum 'n' Goo may be useful for removing hardened stains from carpets and upholstery (such as dried out coffee/tea spills, blood, etc.) followed by a dampened cloth or using **That's Awesome Stain Remover**.

**Non-toxic, Non-flammable and
Completely Bio-degradable!**

Keep out of reach of children

Always use in a well ventilated room. Wear protective gloves if prone to sensitive skin. Avoid eye contact and ingestion. If swallowed seek medical advice. In case of eye contact flush thoroughly with water.
