Material Safety Data Sheet

I. Identification of the Substance and of the Company

Product Name: LEATHER

CONDITIONER

Code:

TA - BL/CON

Contact:

That's Awesome 57 national Park Road Nambour,QLD, Australia 4560 info@thatsawesome.com.au Emergency Telephone Number: 131126

2. Product uses

Leather Conditioner

has been formulated to

independently nourish

most leather ware with

out the use of chemi-

bonds to the surfaces

that are being treated

Has amount of cleaning

properties. Can also be

used on vinyl or timber

ware Ideal for motor

vehicles

cals—Protects and

3. Hazards identification

Hazard category... None Potential issues..... None known

Risk phases........ None
Safety phase....... Do not breath
vapour. Use well ventilated area

Skin contact...... May cause degreasing of skin, dryness or cracking

Eye contact...... Irritation due to contact

Inhalation........... May cause irritation of nose and mouth Ingestion............ May cause

gastric irritation

4. First Aid measures

General Information

No special measures required **Skin Contact...** Irrigate thoroughly with cold water. Seek medical attention if symptoms persist

Eye contact...Irrigate thoroughly with cold water keeping eyelids open to ensure effective washing Seek medical attention if symptoms persist Inhalation... Remove person to fresh air, loosen clothing and seek expert help.

Ingestion... Small amounts: wash mouth out with water and give lots of water to drink. If large amounts ingested medical advise should be sort

5. Fire fighting methods

Lower explosive limit...Not Applicable

Basic fire fighting guidance... May present a slip hazard

Anticipated hazardous product of combustion...
Not applicable

Extinguishing media... Use extinguisher to suit the cause of fire

6. Accidental Release measures

Wear suitable protective clothing against nuisance moisture..... Sweep or vacuum spilled product

and dispose in accordance with Local Authority Regulations...

Product is slippery

7. Handling and storage

External damage tubs should be avoided......

Keep Tubs closed at all times when not in use

Check regularly for polish spills....

Keep in cool dry place . Ensure good stock rotation . No special transport handling required

8. Exposure controls/Personal protection

Hand protection...... No special requirement. Use protective PVC or rubber gloves if sensitive skin.

Skin protection....... Normal work wear. For sensitive skin supplement by barrier cream

Eye protection....... No special requirement. Wear approved goggles for nuisance spillages.

Respiratory Protection. Refer section 3 safely phase. Use approved dust mask if occupational exposure limits cannot be met by ventilation

Occupational Exposure limits Not normally a hazard due to the non-volatile nature of the product. The vapour or mist could be irritating

Environmental impact...... There are no reported ecotoxicity for this product. Readily Bio-degradable according to Australian standards AS435 I

Date of issue: January 2018

9. Physical and chemical properties

10. Stability and Reactivity

11. Toxicology information

Appearance...........White coloured Gel Odour..... Citrus PH.....7.5-9.5 Solubility in water.... Not soluble

Boiling point, Melting point, Flash point, Ignition temperature, Vapour pressure, Density and Solubility are not relevant to safety

This product is stable under normal conditions of use.

Conditions to avoid...... None Materials to avoid...... Rubber **Hazardous Decomposition** products...... None

Inhalation of aerosols or dust resulting from inappropriate handling may induce sensitization and may cause allergic reactions in sensitized individuals. Prolonged skin contact may cause minor irritation this preparation is non-toxic

12. Ecological information

13. Disposal Considerations

14. Transport information

Ecotoxicity

Low toxicity: LC/EC/IC50>100mg/I

Aquatic Invertebrate.....

Low toxicity; LC/EC/IC50>1000mg/I

Algae.....

Expected to have low toxicity: LC/EC/IC50>

1000mg/l

Micro-organisms....Low toxicity: LC/EC/

C50>

1000mg/l

Which classifies the preparation as non-

dangerous to the environment

The preparation is Bio-degradable

No special disposal method required, except that in accordance with current local authority regulations

There are no specific transportation pre-cautions required. This product is not classified as a dangerous substance under the classification, packaging and labeling of dangerous substances regulations

15. Regulatory information

16. Other information

Dangerous Substances Directive 67/548 /EEC and Dangerous Preparations Directive 1999/45/EC:

These regulations do not apply to this product and therefore the product does not to labeled in accordance with EC laws

Information on label... S51 Use only in well ventilated areas **\$26** In case of contact with eyes rinse immediately with plenty of water and seek medical advise R43 May cause sensitization by skin contact

Recommended restrictions on use:...... Not Known
