Since 1998

NO RINSING

SPEED-WASH INSTRUCTION SHEET (Dry car cleaner)

CAR EXTERIOR - Paintwork, trim, alloy wheels and brake dust.

(remove excessive mud or sand off before use).

Step 1. Mist spray That's Awesome Speed Wash directly onto small surface area *(Do not use in direct sunlight).*

Step 2. Using soft, dry toweling cloth wipe in a circular motion to remove grime, turning cloth as you go.

Do not use micro fibre cloth. *(Do not rub hard)*

Step 3. With clean section of toweling cloth buff residue to a streak-free shine. *(It may be useful to use a separate cloth)* Repeat if necessary.

INTERIOR - Vinyl doors, dashboards & plastics

Step 1. Mist spray That's Awesome Speed Wash onto area to be cleaned *(overspray will not damage any other surface).*

Step 2. Wipe dry with toweling cloth & buff off residue *(Can use microfibre cloth to buff dry).*

GLASS & MIRRORS - For a streak-free finish, follow instructions

CAR EXTERIOR - Paintwork, trim, alloy wheels - break dust (Remove excessive mud or sand off before use)

TAR & BUGS - Number plates, bumpers bars & front end

Step 1. Mist Spray That's Awesome Speed Wash directly onto tar or bugs, leave to soften for approx 10 -15 seconds.

Step 2. Wipe in circular motion with soft dry toweling cloth until tar & bugs have been removed *(repeat if necessary).* Use Bug & Tar Cleaner stubborn grime.

That's awesome Speed Wash is a convenient way to safely clean both the interior and exterior of motor vehicles, boats, caravans, motorbikes, trucks, % even aircraft. Safe to use on all bodywork, rubbers, wheels, dashboards, windows, tint, plastics & vinyl. That's Awesome Speed Wash is an exclusive formula using enzymes and does not have any chemical, silicone, abrasive polish, wax or detergent residue.
